PREFACE

The Richey High School Student Handbook contains information students and parents are likely to need during the school year. The handbook is organized alphabetically by subject. Throughout the handbook, the term “the student’s parent” is used to refer to the parent, legal guardian, or other person who has agreed to assume school-related responsibility for a student.

The Student Handbook is designed to be in harmony with Board policy. Please be aware that this document is updated annually, while policy adoption and revision is an ongoing process. Therefore any changes in policy that affect student handbook provisions will be made available to students and parents through newsletters and other communications. These changes will generally supersede provisions found in this handbook that have been made obsolete by newly adopted policy.

Please note references to policy codes are included to help parents confirm current policy. A copy of the District’s Board Policy Manual is available in the school office.

In case of conflict between the Board policies or any provisions of student handbook, the provisions in the student handbook are to be followed.

Richey Public Schools does not discriminate on the basis of race, religion, color, national origin, sex, or disability in providing education services, activities, and programs, including vocational programs, in accordance with Title IV of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972; Section 504 of the Rehabilitation Act of 1973, as amended.

The following District staff member has been designated to coordinate compliance with these requirements:

Parent's Access to Student Records

A student's school records are confidential and are protected from unauthorized inspection or use. A cumulative record is maintained for each student from the time the student enters the District until the time the student withdraws or graduates. A copy of this record moves with the student from school to school.

The Superintendent is the custodian for all records for currently enrolled students, students who have withdrawn and students who have graduated. Records may be reviewed during regular school hours, upon completion of the written request form. The Superintendent will respond to reasonable requests for explanation and interpretation of the records. If the circumstances prevent a parent or eligible student from inspecting the records, the District will either provide a copy of the requested records or make other arrangements for the parent or student to review the requested records.

Parents of a minor or of a student who is dependent for tax purposes, the student (if 18 or older), and school officials with legitimate educational interests are the only persons who have general access to a student's records. "School officials with legitimate educational interests" include any employees, agents, Trustees of the District, cooperatives of which the District is a member; or facilities with which the District contracts for the placement of students with disabilities, as well as their attorneys and consultants, who are:

- Working with a student;
- Considering disciplinary or academic actions, the student's case, and individual education plan (IEP);
- Compiling statistical data; or
- Investigating or evaluating programs.

The parent's or student's right of access to and copies of, student records does not extend to all records. Materials that are not considered educational records, such as teachers' personal notes on a student are shared only with a substitute teacher, records pertaining to former students of the District, and records maintained by school law enforcement officials for purposes other than school discipline do not have to be made available to the parents or student.

Certain officials from various governmental agencies may have limited access to the records. The District forwards a student's records on request and without prior parental consent to a school in which a student seeks or intends to enroll. Records are also released in accordance with court order or lawfully issued subpoena. Unless the subpoena is issued for law enforcement purposes and the subpoena orders that its contents, existence, or the information sought not be disclosed, the District will make a reasonable effort to notify the parent or eligible student in advance of compliance.

Parental consent is required to release the records to anyone else. When the student reaches 18 years of age, only the student has the right to consent to release of records.

Students over 18, and parents of minor students may inspect the student's records and request a correction if the records are inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. If the District refuses the request to amend the records, the requestor has the right to ask for a hearing. If the records are not amended as a result of the hearing, the requestor has 30 school days to exercise the right to place a statement commenting on the information in the student's record. Although improperly recorded grades may be challenged, parents and the student are not allowed to contest a student's grade in a course through this process. Parents or the student have

the right to file a complaint with the U. S. Department of Education if they believe the District is not in compliance with the law regarding student records.

Copies of student records are available at a cost of \$.10 per page, payable in advance. Parents may be denied copies of a student's records (1) after the student reaches age 18 and is no longer a dependent for tax purposes; (2) when the student is attending an institution of post-secondary education; (3) if the parent fails to follow proper procedures and pay the copying charge; or (4) when the District is given a copy of a court order terminating the parental rights. If the student qualifies for free or reduced-price meals and the parents are unable to view the records during regular school hours, upon written request of the parent, one copy of the record will be provided at no charge.

Certain information about district students is considered directory information and will be released to anyone, including military recruiters and/or post-secondary institutions, who follows procedures for requesting it, unless the parent objects to the release of any or all directory information about the child. The opportunity to exercise such an objection was provided on the form signed by the parent to acknowledge receipt of this handbook. Should circumstances change; the parent can contact the Superintendent to indicate his or her desire to change the original request. Directory information includes: a student's name, address, telephone number, date and place of birth, participation in officially recognized activities and sports, weight and height of members of athletic teams, photographs, and dates of attendance, awards received in school, and most recent previous school attended.

Parental Involvement

The District believes that the best educational result for each student occurs when all three partners are doing their best: the District staff, the student's parent, and the student. Such a partnership requires trust and much communication between home and school. To strengthen this partnership, every parent is urged to

1. Encourage his or her child to put a high priority on education and commit to making the most of the educational opportunities the school provides.
2. Review the information in the student handbook with his or her child and sign and return the acknowledgment(s) for and the directory information notice by the first day of school. A parent with questions is encouraged to contact the school.
3. Become familiar with all of the child's school activities and with the academic programs, including special programs offered in the District. Discuss with the staff any questions, such as concerns about placement, assignment, or early graduation, and the options available to the child. Monitor the child's academic progress and contact teachers as needed.
4. Attend scheduled conferences and request additional conferences as needed. To schedule a telephone or in-person conference with a teacher, counselor, or any staff, please email the staff or call the school. A teacher will usually arrange to return the call or meet with the parent during his or her Prep Period or at a mutually convenient time before or after school.
5. Exercise the right to review teaching materials, textbooks, and other aids, and to examine tests that have been administered to his or her child.
6. Become a school volunteer.
7. Offer to serve as a parent representative on the District-level planning committees formulating educational goals and plans to improve student achievement.
8. If the need arises, follow the appropriate chain of command when addressing situations: staff member(s), Activities' Director, Principal, Superintendent, Board of Education.

Visitors

Parents and others are welcome to visit District schools. For the safety of those within the school, all visitors must first report to the High School office. Parent visits to individual classrooms during instructional time are permitted only with approval of the Superintendent and teacher and so long as their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment. Friends of students are welcome to visit before/after school, and during lunch time.

Student Council

The Student Council is a group of students elected by the student body to represent them in the best possible way pertaining to school activities and policies. Students in our school system often assume as much of the responsibility for helping organize school activities and provide input into administrative decisions as they are able. Student Council can be responsible for adding a positive atmosphere to the school when the leadership is effective and the students support the elected council members. Student Council is the formal meeting ground of the students and administration. Officers of the Student Council are elected by grades 5-11 during May of the year proceeding the year they are to serve. This is done to give everyone a chance to prepare for the upcoming year.

The graduating senior class funds not expended by graduation day will revert to the student council. The prime directive of Student Council is to help all students benefit.

All class- or club-sponsored events that involve the raising and/or collecting of money must be presented to Student Council on the appropriate form for approval. Student Council may levy fines. Events may be canceled if all conditions are not satisfactorily met. Events should be arranged five days in advance when possible, have the majority approval of the class or club, and meet the criteria set by the students.

Classes or groups using the kitchen facilities must make arrangements with the head cook to learn how to properly operate the equipment and be aware of all the proper kitchen clean-up requirements. Class sponsors should be present at the activity.

Dances will be held between the hours of 9:00 PM and 12:00 PM except any semi-formal dance which may last, from 9:00 PM to 1:00 AM. Once you are at a dance, you are considered there for the evening. Students may be required to leave the dance by any chaperone that judges their behavior to be inappropriate.

1. Illness

Definition of immediate family: husband, wife, son, daughter, step-daughter, step-son, mother, father, brother, sister, step-mother, step father, step- brother, step-sister, father-in-law, mother-in-law, grandfather, grandmother, step grandparents, grandchildren, brother-in-law, sister-in-law, aunt or uncle.

A telephone call, e mail, or a note from either parent or guardian is required when a student is absent or late for any reason. Notes must be given immediately to the attendance secretary.

Unexcused Absences

Unexcused absences are not acceptable at Richey Public Schools. Students who incur more than 5 unexcused absences per period, per year could mean a loss of credit in those subjects missed. An unexcused absence is an absence for some other reason than specified in the Activities/Preplanned Absence or Excused Absence sections.

Absences which will be counted in the 5-day limit will include such areas as: family trips, work days, vacations, visiting friends or relatives, suspension in and out of school, hair, or photography appointments, skiing, hunting, court appearances due to misconduct, attending concerts, shopping, or any others not mentioned which are unacceptable to the Attendance Board.

Each building administrator shall have the authority to determine the appropriate penalty for any student whose absence is considered unexcused.

Any decision to withhold credit can be appealed to the Superintendent and/or to the School Board. If the appeal is rejected, one can assume the Board feels the absence could have been avoided.

1. If the appeal is not granted, the student will remain in that particular class period for the remainder of the semester or be placed in study hall. If disciplinary problems occur in that subject, the student will be suspended from school.
2. If the appeal is granted, the student will return to class with the Board's stipulations. If the stipulations are violated, a loss of credit will result.
3. The Board may also decide to make decisions regarding the student's participation in extracurricular activities.

The Superintendent will review and revise as necessary rules or procedures that may be barriers to enrollment of homeless children and youths. In reviewing and revising such procedures, the Superintendent will consider issues of transportation, immunization, residence, birth certificates, school records, and other documentation.

Homeless students will have access to services comparable those offered to other students, including but not limited to:

1. Transportation services;
2. Educational services for which a student meets eligibility criteria (e.g., Title I);
3. Educational programs for children with disabilities and limited English proficiency;
4. Programs in vocational and technical education;
5. Programs for gifted and talented students; and

For more information about the District's complaint procedure, see Policy 1700.

Tobacco Free Policy

The District maintains a tobacco free building and grounds. This includes all forms of tobacco such as E-cigarettes.

Please refer to Board Policy 5225.

Video Surveillance

The school grounds are monitored by a video surveillance system. Please refer to Board Policy 3235.

Weather/School Closure

If weather conditions become extremely difficult, if visibility is a problem, if the temperature or wind chill are dangerous, all should stay where it is safe. If the conditions cause you concern, and/or, if you are aware of a problem, please feel free to call the superintendent at school or at home. He/she may not be aware of the problem and will appreciate your concern. If possible, the superintendent will discuss such matters with board members and/or bus drivers before making a decision regarding a change in the regular patterns.

There will be options for the administration to choose from, such as, late starts, canceling of buses and school, or canceling buses and keeping the school open for those who make it. If the latter occurs, and you have safe transportation for your students, it is entirely up to you whether or not your kids attend. Above all else, parents have the right to keep their student's home if they fear for their safety. The student will receive an excused tardy or absence. Also to be mentioned here, please let the bus driver know anytime your student will not be riding the bus. Do this in advance, if possible, but that failing, call the school or the county shop (773-5593 or 377-2564) to relay the message. Bus drivers are expected to have their 2-way radios and cell phones on anytime they operate the bus, and to check periodically to make sure they are working. Buses have cell phones and the numbers are published in the data section. The county shop asks that bus drivers call the county shop to let the county know of any special road conditions (especially blocked or hazardous road conditions). Sheriff's phone number is 377-5291.

The public broadcast radio stations that will be used for special school situations are: KEYZ (660 AM, a primary station for RHS) and KYYZ (96.1 FM, a primary station for RHS). Please listen to and make use of the radio for special school announcements. Information will also be posted on the school website, <http://richey.k12.mt.us>. We will try to notify each family by phone, especially those in the country. However, the radio should be considered the primary communication tool for these matters. Bus drivers are expected to use their cell phones. In all cases, if possible, keep the school informed.

The school will keep a list of homes willing to take in students that do not have a place to stay. Each student/bus family is asked to find a place in or very near town to stay in such a case and to let the school know. If buses do not run to deliver the student's home, the buses will also not run the next morning. If we send students home early, we will call to make sure the students will be met at their drop off points. A cardinal rule regarding getting stuck or being stranded in a vehicle in adverse or threatening weather is to stay with the vehicle. The buses have radios that share a band with the county and the sheriff, and the radios should be used early when danger threatens, and the battery should be

preserved for radio use. If buses go out of town, especially in bad weather, the drivers should check in (frequently) at various points. It is very important, also, for the passengers to dress warmly (especially head and feet), and take along a sleeping bag or similar. Hooded parkas and good cold weather footwear is very important when the weather is cold. Be prepared!!

We will use the following calling tree for emergency situations:

1. Superintendent will call the Williston radio stations, lead teacher, maintenance, bus contractor, secretary and head custodian.
2. Bus drivers will call their route people.
3. Secretary will call the other radio stations, and staff.
4. Teachers and advisors will call the non-bus students in their grade or advisorship who do not have an older sibling who would have already been called.

Transportation

Bus Guidelines

Jurisdiction/authority of persons on the buses, whether it is an activity bus or a route bus: This handbook states: **All directions given by the bus driver are to be followed.** This is a clear statement. The primary supervisor is responsible for the behavior of the students being transported. The primary supervisor may also determine that the bus will not proceed. It is up to the students, the supervisor in charge, and then, the bus driver, to leave a clean bus. The supervisor is to check each seat and area before and after any trip. The students will have to honor the clean bus rule if they want to stop for food. If you take it on, take it off, and clean up on the way. Students are to be charged for any damages. The bus driver/advisor determines time lines, and these must be honored. The bus is to be supervised at all times that there are students on the bus. For activities where different grade levels are involved, the older students are to sit in the back, the younger in front, unless announced otherwise. If more than one group is involved, each supervisor is to sit with his/her students as a group.

Conduct on School Buses

Buses are provided for students and their families for regular school and school activities when distance or other factors create the need for transportation. Several rules of courtesy and safety apply to student behavior:

1. Students shall remain back from the roadway while awaiting the arrival of the bus.
2. Students shall enter the bus in an orderly manner and go directly to a seat and remain seated until the destination is reached.
3. Younger students should be permitted to enter first.
4. Seats in the rear of the bus should be filled first when expecting many students.
5. Students shall keep their hands, arms, heads, and any materials inside the bus at all times.
6. No shouting, roughhousing, or throwing things on the bus is allowed.

7. All articles such as athletic equipment, books, musical instruments, etc., must be kept out of the aisles.
8. The emergency door must be used for emergency only.
9. Students who must cross a street or road to load or unload at a bus stop shall not do so until they receive a signal from the bus driver. When crossing, it is necessary to be in front of the bus far enough so the driver may adequately observe them. This means the child should be able to see the face of the bus driver. The driver shall hold the bus with warning lights flashing until the crossing has been completed and the student is safely unloaded or loaded as the case may be.
10. There will be no smoking at any time on school buses.
11. All directions given by the bus driver are to be followed.
12. Coaches, advisors, and bus drivers may use their discretion in seating students on routes or activity trips.

Students who become a serious discipline problem on the school bus may have their riding privilege suspended by the superintendent.

Student Driving

Students may not drive or ride in vehicles while school is in session unless given specific permission by school officials.

Release of Student Information Statement

If you do not want the school to publish or release information on your child/children, please do as instructed in the following statement, and return your request to the school office by Friday, August 29, 2019.

Federal law permits a school district to identify certain information as "directory information" which may be publicly released without permission of the parents. Richey Public Schools identifies this information as the following: name, address, telephone number, date and place of birth, major field of study, participation in activities and sports, weight and height of members of athletic teams, photographs, and dates of attendance, diplomas and awards received, and most recent school attended. In exercising my right to limit release of this information, I have marked through the items of directory information listed above that I wish the District to withhold about my child. If you do **not** want this information released, please notify the school immediately. We ask that you do this by the above date. A statement clearly stating your wishes will need to be on file at the school. If we do not receive your notice, we will assume that you have no objection to the release of this information.

We believe that it is in the student's best interest to have such information released in school and community newspapers because of the recognition it gives them. We make every reasonable effort to protect our student's privacy.

Anyone with a concern should check with the Superintendent.
